

ASEAN Healthcare Learning Institute “AHLI”

With great pleasure, we cordially invite you to the **Global MSK Ultrasound Course** which gives Physicians an introduction to Musculoskeletal Ultrasound of major joints of the body. Basic MSK joint normal and pathology will be covered in the lectures and there will be a chance to get some hands on experience as well. Our main guest lecturer and demonstrator will be **Professor Dr. John George** from Malaysia who is the Course Director for the famous International Hands on Intensive Penang Musculoskeletal MRI and Ultrasound Courses . A Rehabilitation Specialist in Ultrasound will also cover Rehabilitation Ultrasound scanning for muscle identification for botulinum injections in the practical sessions.
