FOREWORD

WHY ATTEND THIS CONGRESS?

Dear Radiologist,

The 13th Global Musculoskeletal MRI & Ultrasound Congress for Radiologists will be held from Sept 28th to 1st October 2022 at the four star Parkroyal Penang Beach Resort, Batu Ferringhi, Penang Island, Malaysia.

Here are the key features of the Congress:

1. All radiologists will receive a chance to be tutored by senior Musculoskeletal Radiologists who are experts at Musculoskeletal Ultrasound. All the Musculoskeletal Radiologists have done their Musculoskeletal Fellowships in UK, USA, Europe, Australia and Singapore. They have minimum of 5 years of Musculoskeletal Ultrasound weekly cases.

2. The practical session will start with a demonstration by the Musculoskeletal Radiologists in the first half hour. Subsequently, each participant will be given 10-15 minutes initially to practise the technique shown by the faculty on the model until all participants in the group have attempted and been shown how to do the technique correctly. This is strictly monitored by an appointed group leader. After getting their hands-on practice, participants are free to move to any of the groups to observe and practice.

3. Faculty to participant ratio during the workshop sessions are kept small to enable quality hands-on ultrasound training. You can apply for RCR UK 30 CPD points and for Malaysians 20 CPD core points for NSR renewal and APC renewal. There is plenty of time for hands-on practice. Please note that only limited places are available to enable personalized training. The advantage of this congress is that in four days you learn both MSK MRI and MSK Ultrasound. In today's MSK Radiology practice, you will find that MSK Ultrasound has taken a greater role in diagnosis of superficial tendon and ligament pathology.

4. 150 MSK MRI and MSK Ultrasound covering 95% of common pathology will be shown. The videos have been carefully selected and tips and pearls will be shared as the videos are shown. High quality DICOM videos are now being shown during the MRI & Ultrasound video sessions to complement the lectures.

5. Focus will be on how we really solve problems in patients with MSK symptoms using one or other modality or both MSK MRI and Ultrasound. Participants will be taught which modality is better for which indication for accuracy of diagnosis. For example, it is far more accurate to use Ultrasound for detection of ankle ligament tendon and ligament tears than MRI as these structures are very small on MRI and often not clearly visualised in the 3mm slices but seen very well on ultrasound and function can be tested with dynamic manoeuvres. Emphasis will be on how to grade residual function of a ligament which is what the Orthopaedic surgeon wants to know and also tendon pathology.

6. For the practical sessions, you will have a choice to be trained at Basic, Intermediate or Advanced Level. Basic level means you have not attended any Basic MSK Ultrasound course and are not doing MSK USS weekly. Intermediate level means you have attended a Basic MSK Ultrasound Course and are practising MSK ultrasound weekly on patients. Advanced level means you are highly experienced in MSK Ultrasound and would like more specific teaching of different joints.

7. We will provide each participant with a USB which will contain articles on all the major joints, reporting templates, MRI sequence protocols, MRI and USS homework cases, Videos, Powerpoints, E-books, etc. Most of this material has been donated by previous lecturers and my fellows over the years. It has some of the best references to articles on particular topics over the last 10 years and forms part of the curriculum. Learning indeed continues well after the congress until you have read all the articles provided.

8. The congress enables a radiologist to report MSK MRI accurately for all common pathology as it concentrates on reporting of 95% of common pathology well. Think about it, what is the point of knowing the course of the sural nerve when you can't even report ACL tears accurately? At the end of the congress, one can also perform basic MSK Ultrasound well and make diagnosis of main and common pathology of most joints. MSK Ultrasound often identifies the real cause of the patients' current symptoms rather than MRI which may be non-specific myriad of new or old abnormalities.

9. On the final day, I will be introducing a new addition to the congress programme. I look forward to sharing about my current experience and knowledge with Interventional joint injections from working as a Consultant Radiologist at Beverly Wilshire. Explanation of injectables and how they work, indications, techniques in detail and anatomic positioning of injection will be the focus of the final day. As a radiologist, after this congress you will be confident to provide this interventional service which is able to reduce the number of surgery on patients and also give you the opportunity to earn more doing procedures than by solely doing general reporting of MRI and performing MSK Ultrasound.

10. Opportunities for powerpoint paper presentations are available. Kindly submit your standard abstract (not more than 250 words) to the Secretariat for consideration by the Scientific Committee. Further details will be provided following your submission.

11. For ease of registration fee payment, credit card payment options are available for overseas delegates via a secure connection. In the last two years there has been no fraud with the use of this system for our webinar payments.

12. We have negotiated for special room rates with Parkroyal valid from 25th September – 6th October 2022. The hotel booking form will be sent to you via email. Please fill it and send directly to the hotel as per instructions on the booking form. Kindly note that no commissions are taken by the conference organizers for room bookings to keep the room rates low.

13. By attending the Global MSK MRI and USS congress, it is like a new world opens to you and you are no longer afraid of reporting MSK MRI cases and learning the new skills of doing MSK Ultrasound. So don't think twice. Register for the Penang MSK MRI & Ultrasound Congress using the online registration form available at www.penangmskrad.com today.

The Global MSK MRI and Ultrasound Course is often google no 1 search out of 2 million searches for best musculo-skeletal MRI course or MSK Ultrasound course or in the first few pages.

To all those with credit transfers we ask that you avail the opportunity to use the credit transfer at this upcoming course as we cannot guarantee that we can have future courses due to the Covid crises. No refunds can be given if you do not attend this course if there is no restriction to you attending by the Malaysian government just as it would apply for no refunds for late cancellations for most major conferences.

Yours sincerely,

PROGRAMME

Day One • 28th September 2022 • Wednesday

7.30 am	Registration
8.00 am	Briefing and pre-course MCQ self-assessment.
8.30 am	Lecture 1: MRI and USS Radiological anatomy of the knee with gross anatomy correlation
10.30 am	Tea break
11.00 am	Video Session 1: DICOM MRI and USS videos of normal and basic to intermediate pathology of the knee (MSK radiologist secrets, tricks of the trade, pearls revealed in all pathology sessions, not in the books, from years of experience)
1.00 pm	Buffet lunch
2.00 pm	Workshop 1: Hands-on Knee Ultrasound (Groups divided into Basic, Intermediate and Advanced)
3.30 pm	Tea break
4.00 pm	Workshop 1 (continued) - Hands-on Knee Ultrasound (Groups divided into Basic, Intermediate and Advanced)
5.00 pm	End of session

Day Two • 29th September 2022 • Thursday

8.00 am	Review of MRI and USS Knee Homework Cases given the day before. Good review session of application of principles studied the day before.
8.45 am	Lecture 2: Normal MRI and USS Radiological anatomy of the shoulder with gross anatomy correlation
10.30 am	Tea break - Oral paper presentations
11.00 am	Video Session 2: DICOM MRI and USS videos of normal and basic to intermediate pathology of the shoulder
1.00 pm	Buffet lunch
2.00 pm	Workshop 2: Hands-on Shoulder Ultrasound, upper arm and back
3.30 pm	Photo session and Tea Break
4.00 pm	Workshop 2 (continued): Hands-on Shoulder Ultrasound, upper arm and back
3.00 pm	Close of session

Day Three • 30th September 2022 • Friday

8.00 am	Review of the MRI AND USS Shoulder homework given the day before
8.45 am	Lecture 3: Normal MRI and Ultrasound Radiological anatomy of the ankle and foot with gross anatomy correlation
10.00 am	Video Session 3: DICOM MRI and USS videos of normal and basic to intermediate pathology of the ankle and foot
10.30 am	Tea break
11.00 am	Lecture 4: Normal MRI and Ultrasound of the elbow and wrist including carpal tunnel and arthropathy
12.00 pm	Video Session 4: DICOM MRI and USS videos of normal and basic to intermediate pathology of the elbow and wrist
1.00 pm	Buffet Lunch
2.30 pm	Workshop 3: Ultrasound Hands-on Ankle and Wrist , Elbow and Wrist Ultrasound, Carpal tunnel and Arthropathy Screening
3.45 pm	Tea break
4.00 pm	Workshop 3 (continued) : Ultrasound Hands-on Ankle and Wrist , Elbow and Wrist Ultrasound, Carpal tunnel and Arthropathy Screening
5.00 pm	Close of session

Day Four • 1st October 2022. Saturday

8.00 am	Review of the MRI AND USS Ankle , Elbow and Wrist homework given the day before
9.00 am	Lecture 5: PRP, Prolotherapy, Steroid and Stem cells: literature & personal experience with Videos
10.00 am	Tea break
11.00 am	MRI of the Hip Joint
12.00 pm	Powerpoint quiz on Knee, Shoulder , Ankle and Wrist with answers . Post course MCQ
1.15 pm	Buffet Lunch
2.15 pm	Workshop 4: Hands-on practical session for review of all joints. Chance to ask demonstrators anything you are not sure
3.30 pm	Tea Break
4.00 pm	Practical Ultrasound assessment
5.00 pm	Closing remarks and Collection of Certificates

"This is a great course with comprehensive, excellent and well-prepared learning materials, enthusiastic and knowledgeable teachers plus plenty of hands-on practice on the ultrasound. Homework cases are very useful and practical. Highly recommend!"

Dr Yu Wen Ming, Hong Kong

"This is a great experience to further enhance your knowledge in MSK imaging, with excellent hands-on opportunities and practical tips on image interpretation and ultrasound screening. Great lectures and facilitators. Thank you everyone!"

Dr Stephanie Ang, Philippines

"I totally enjoyed being in this course. The practical knowledge I gained is immense and it can be definitely translated to clinical practice, which remains the highlight of this course. Hands-on workshop with small group teaching was very beneficial."

Dr S. Vasanthapriya, Malaysia

"Perfect course for those who are interested in MSK radiology. It covers a broad spectrum of MSK topics and plenty of hands-on experience. Credits to Prof George who is knowledgeable and humorous, his lectures never disappoint and were full of laughter. Would certainly recommend to everyone who likes MSK radiology."

Dr Stephen Wong, Hong Kong

"I would highly recommend this course as the faculty are extremely knowledgeable and patient in teaching. Also the lectures are very comprehensive with many pearls and pitfalls highlighted."

Dr Jaspreet Singh, Singapore

"This conference provides a very nice fusion of MRI and ultrasound to better enforce the knowledge and understanding of MSK imaging. The session is easily understandable and is recommended for beginners and advanced MSK radiologists. The hands-on sessions and lectures are wonderful."

Dr Mark Anthony, Philippines

"It is a very informative course with very good hands-on experience. This is the best practical course I have ever had."

Dr Zuhudha Hussain, Maldives

"This congress really helped me to have a strong foundation in MSK imaging especially the ultrasound. Excellent lectures with ultrasound and MRI correlation of normal anatomy and pathology."

Dr Diana Garcia, Philippines

"This congress is one of the best platforms for training of MSK."

Dr Nazma Farzana, Bangladesh

Overview:

This intensive hands-on congress allows radiologists to report on basic MSK MRI and perform screening and/or diagnostics ultrasound with high accuracy. Homework, together with a reporting template, will be given at the end of each day. Numerous MRI and USS videos are specially chosen as they show the pathology that is missed in common day to day reporting resulting in low accuracies even by those who think they are already reporting 95% accurately. Practical ultrasound sessions are divided into Basic, Intermediate and Advanced levels of expertise.

The congress will emphasize practical tips and pearls not found in textbooks. The demonstrators consist of well-established teachers and trainers from Asia and Europe who have done thousands of Musculoskeletal ultrasound cases for diagnosis and also interventional cases. Accurate diagnosis based on clinical history, simple physical stress tests and imaging findings will be highlighted for ultrasound. Limited places available to enable small group hands-on training.

Materials & Deliverables:

1. 1 x high quality colour photoprint of powerpoint lecture slides (2 volumes) and 1x ultrasound technique workbook worth USD200 including intellectual property royalties.
2. USB thumbdrive containing 8GB of data resources worth USD200.
3. One ultrasound demonstrator to maximum 7 participants for quality hands-on time.

Faculty:

Prof Dr John George (Congress Chairman)

MBBS (Adelaide), DMRD (Aberdeen), FRCR (UK)

Senior Consultant MSK Radiologist, National Sports Institute of Malaysia

Senior Consultant MSK Radiologist, Orthopaedic Diagnostic and Regenerative Centre, Beverly Wilshire Medical Centre

Fmr Professor & Chief of Musculoskeletal Radiology, University of Malaya Medical Centre, Malaysia

Dr Niraj Dubey, FRCR (UK)

Senior Consultant MSK Radiologist

Singapore Health Authority

Dr Mathew George, FRCR (UK)

Senior Consultant MSK Radiologist

Pushpagiri Medical Hospital, India

Dr Nazrila Hairiana, Fellowship in MSK Radiology (Australia)

Senior Consultant MSK Radiologist

Hospital Putrajaya, Malaysia

Dr Nurul Aida, MMED Radiology (UKM)

Consultant MSK Radiologist

Kuala Lumpur General Hospital, Malaysia

We are awaiting confirmation of other European overseas faculty . However be assured that all the final chosen faculty will be senior Musculoskeletal Radiologists with at least 5 years of weekly Musculoskeletal Ultrasound cases and have had a one year training fellowships in USA, Australia , Europe, UK and Singapore.

Location:

The congress venue is at Parkroyal Penang Beach Resort which is strategically located at Batu Ferringhi, a popular tourist destination by the seafront. Just step out of the hotel and you have half a kilometer of stalls selling clothes, bags, shoes and household ornamental items at bargain prices. The Penang hawker food is also world-famous. Attractions worth visiting include Penang Hill, Georgetown Heritage Trail and Kek Lok Si Temple.

Who should attend this Congress?

Radiologists who have some or no knowledge of the basics of MSK Ultrasound technique & basic MRI, and who would like to learn how to report on basic MSK MRI with high accuracy and perform screening and/or diagnostics ultrasound with confidence.

Congress Pre-Requisite:

Basic level – For delegates who have not attended any Basic MSK Ultrasound course and are not performing MSK ultrasound weekly on patients.

Intermediate level - For delegates who have attended a Basic MSK Ultrasound Course and are performing MSK ultrasound weekly on patients.

Advanced level - For delegates who are highly experienced in MSK Ultrasound and would like more specific teaching of different joints.

Accreditation:

This event has been accredited 20 CPD points by National Specialist Register (Event ID 19039). You can also apply to RCR UK, ESSR diploma and your National accrediting bodies.

Upon receipt of payment into our account, a notice will be sent to your email along with a confirmation letter and e-receipt within one week to confirm your place in the congress.

Terms & Conditions:

1. A non-refundable policy applies to congress fees if notice of cancellation is given 60 days or less before the commencement of the congress. No refund or credit transfer will be given if there is no quarantine restrictions by Malaysia for you if you are fully vaccinated and allowed to dine in and you just decide you don't want to attend. Only if Malaysia restricts your entry a credit transfer will be offered to the next course but no refunds are possible. Please ensure that you have taken Insurance to cover all possible liabilities and losses as no refunds can be offered for any of your advance payments for anything related to the conference.
2. All who are holding credit transfers are advised to make all efforts to ensure this congress is your replacement congress. The hotel is now upgraded with no extra cost to a 4 star hotel Parkroyal Penang Beach Resort. The meeting room is now a spacious ballroom. All the materials have been updated considerably during the lockdowns as there was a lot of time to do so. So your patience is being rewarded in holding on so long to use your credit transfer. We cannot guarantee any future meetings for another credit transfer and no refunds are possible as the 12th conference was declared force majeure by the Malaysian Government parliament ruling.
3. A refund will be provided if notice of cancellation is given more than 60 days before the congress for new congress registrations. A USD 50 cancellation fee applies.
4. Registration transfers are allowed. No additional fees will be imposed for registration transfers. This includes those holding credit transfers.
5. The congress fee is inclusive of morning and evening teas and a buffet lunch.
6. For overseas payments via bank transfer. This is only if you really cant pay by credit card, kindly find out your local bank charges and include it in the amount transferred. We will advise you of the actual amount we received as sometimes there is another third party that takes some commission that you may be unaware off. We will advise you of any shortage to be paid on site at the conference with proof of what we actually received.
7. A confirmation of placement at the congress is upon receipt of a confirmation letter and electronic receipt. If you do not receive these documents within the duration of a month, kindly email the secretariat immediately to check on your status.
8. Upon making registration fee payment, kindly email the secretariat with proof of transaction along with indication of account name that the transfer was made from so that the secretariat is able to identify your payment. Failure to do so might cause your payment to be attributed to another delegate instead.
9. Do not make payment until and unless you receive a confirmation from the secretariat to proceed. Payments that go through prior to confirmation will not be refunded. In the event that the congress is postponed due to unforeseen circumstances at the last moment due to Covid related reasons or natural disasters etc the congress will not be liable for losses of airfares or any personal expenses of the delegate. Please take out travel and other insurances as needed. Kindly check visa, vaccination and quarantine rules required for your travel to Malaysia and return to your country. No refund will be given for errors in this area on your part.
10. The event management company (secretariat) is not liable for any losses or injuries sustained before, after, or throughout the duration of the congress. Insurance coverage is encouraged as a safety measure.
11. You can request for payment in two installments. First installment must be made before June 30th to get the early bird rate and second full payment by July 31st 2022 for all if by direct bank transfer by Malaysians or WISE payment by overseas delegates. However, credit card payment is in full.
12. The secretariat reserves the right to make necessary changes to the programme or named faculty as necessary.
